

# 2019 SNGPG Frerichs Farm Weigh-off Recap

Alex Noel knows how to grow them very BIG. The 2058.5 pounder was pollinated on July 13. Incredible that it grew so fast. This one earned him 2nd place at Frerichs Farm.

Nice job by our GPC rep Woody Lancaster. Can you believe.... a 2016 pounder would come in 3rd.

Mr. Consistency. Steve Sperry grew another 1900+ pounder. This one weighing in at 1936 lbs and 5th place

Ron and Pap grew this amazing 1984.5 pounder on a half a plant after blowing the stem in July.

The dynamic duo of Scott Marley and Eddy Giarusso keep bring in some very respectable pumpkins like this 1348 pounder from Prudence Island, RI.

Looks like the measuring team ran out of tape, while trying to get an OTT of Alex Noels BIG Pumpkin.

The Fork Trucks were really busy when the Monster Pumpkins had to get weighed!
